City and County Maps.

I have on hand a number of up-to-date maps of the City of Hayti, worth \$5.00, which I will sell for \$1.00. Better buy these quick, as the supply will soon be exhausted. I also have a few county maps, which are a great bargain, at \$3.50.

SIX OF FAMILY KILLED.

Los Angeles, Calif., July 11.—Six members of the family of Carl Huffman of Caruthersville, Mo., were killed instantly today when a Southern Pacific switch engine struck Huffman's auto near San Gabriel. The dead:

Carl Huffman, his wife and three children, Averill Huffman, daughter, 8 years old; George, 7, and Melvin, 5. Also Miss Missouri Huffman, Carl's aunt, Joyce Huffman, 11, the only survivor of the party, was injured probably fatally.—St. Louis Times.

Caruthersville, Mo., July 11.—Carl Huffman, who, with five other members of his family, was killed in an automobile accident near Los Angeles, Calif., left Caruthersville six years ago, and, though he had given up his home here, he still owned land in Pemiscot county which is estimated to be worth \$100,000.

He was one of the largest stockholders in the Pemiscot County Bank, which recently closed after the discovery of a shortage of probably \$250,000 in the accounts of Cashier A. C. Tindle.

Huffman inherited a fortune from his father. His sister lives in Caruthersville.

The above brief dispatches tell the story of the wiping out of one of Pemiscot county's families.

It has been impossible for us to get authentic information as to just how the accident occurred, but we understand the families of Carl Huffman and Dave Welsh, both prominent Pemiscot county families who went to California from Caruthersville, had left Long Beach that morning to go to the mountains, about 30 miles away, for an outing. The Huffman car was ahead of the Welsh car. In attempting to cross the Southern Pacific tracks the engine in Huffman's car died, and the car was struck by an approaching locomotive.

We understand the little girl who escaped is recovering.

It is said the bodies were too badly mutilated to be shipped home for burial.

J. D. Huffman, an uncle, and Mr. and Mrs. Robert Coppage, Mrs. Coppage being a sister of Carl Huffman, left immediately for California.

Mrs. E. M. Vandervest of Doniphan sends \$1.00 for the renewal of her subscription, and says: "I can't very well keep house without the Herald, for it comes from the dear old home I love so well. I was born there 66 years ago when the country was nothing but a cane brake, in what is known as the Long field, on Cypress Bend." Mrs. Vandervest is still hale and hearty, and leads an active life.

If your paper stops, it is possibly because you have not renewed. We endeavor to give every one ample time to renew, but not hearing from you the paper will surely stop. It is your duty to tell us if you want the paper continued.

The County's Funds.

From the best information we can gather, the tie-up in the county's funds, on account of the Pemiscot County Bank failure, is now relieved, and the county's business, schools, road work and drainage will go on uninterrupted.

We understand that all checks against the various funds will be cashed when presented.

This is just as good as the people could ask.

It is argued by some that every dollar of this \$400,000.00 should be replaced in cash, but this could do no earthly good, because no bank would want to carry that amount. Besides, the county receives interest on this deposit, and no bank could pay interest on money unless it could place that money at interest.

It would be impossible for any bank in the county or all the banks in the county combined to pay \$400,000.00 on demand, because money is a bank's stock in trade, and it must be put out on earnings.

Therefore, if the county can draw money to carry on all its business and good and sufficient bond is given to secure the total amount, what more could we ask?

Bank Commissioner Mitchell

Killed Sixty Dogs.

Deputy Marshal Luther White reports that he collected in June tax for forty-eight dogs, amounting to \$90.00 and killed sixty for which the owners would not pay license fees. T. E. King refused to pay the tax and the city took action which resulted in his being fined \$15.85, in addition to which he had to pay the contested license. It would be a good thing, it seems, if more dogs were killed and fewer licenses paid.—Caruthersville Argus.

It is remarkable that every town in the country, except Hayti, gets behind its ordinances and enforces them. Hayti has a dog tax law, and no doubt many people would prefer to pay the tax than to punish their dogs with muzzles.

Judge G. R. Henderson was here from Concord Wednesday.

and Assistant Attorney-General Fitch arrived from Jefferson City Tuesday evening to advise with the county court and others interested, but as we go to press early Wednesday, we cannot get the particulars of the meeting. It is safe to predict, however, that these people will approve of what is being done to protect the best interests of the people.

Brad Meatte is now traveling for a leading cigar concern, and is building up a good business.

T. W. Lowry of Concord was on our streets Wednesday.

ACTS ON THE LIVER.

Dodson's Liver Tonic Livers Up the Liver—Is More Than a Mere Laxative

Calomel was for years the only known medicine that would stimulate the liver. But calomel is often dangerous, and people are not to be blamed for being afraid of it.

Within the last few years many medicines have been put out to be used instead of calomel, but their effect is on the bowels—not on the liver. Lefler's Drug Store says that the only real liver medicine to actually take the place of calomel is Dodson's Liver Tonic, a mild, harmless, vegetable liquid that Lefler's Drug Store recommends to take the place of calomel and which gives prompt relief in cases of constipation, biliousness and sluggish liver.

So confident is Lefler's Drug Store they give their personal guarantee with every 50-cent bottle of Dodson's Liver Tonic. You can be sure that you are getting Dodson's by asking at this store if they are giving you the medicine they personally guarantee to refund money on if unsatisfactory. (Advertisement.)

From an Immaculate Plant

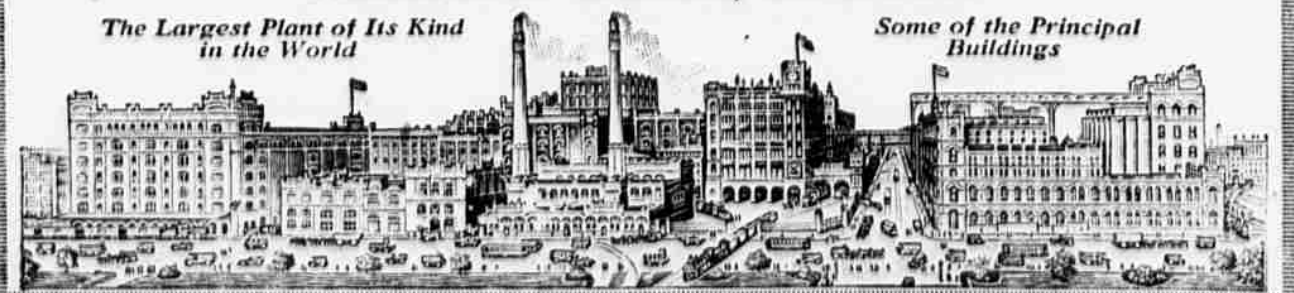

The main plant of Anheuser-Busch requires 110 separate buildings. It covers 142 acres, equal to 70 city blocks. 6,000 people are employed here and 1,500 others in branches.

Home cleanliness is maintained in every nook and corner of this institution. One can't go through on a tour of inspection, as hundreds do each day, and not get a quality-impression.
